Professional Summary

Junior Full Stack Developer with a backend-oriented profile, building web applications, REST APIs, and integrations using Node.js, TypeScript, React, PostgreSQL, and MongoDB. Hands-on experience with deployed applications, authentication flows, Docker, external API integrations, and layered architecture. Transitioning from Electronics into Software Engineering, bringing strong analytical thinking, troubleshooting, and problem-solving skills. Currently pursuing a Software Development degree at BYU–Idaho.

Technical Skills

Backend	Node.js, TypeScript, Express.js, REST APIs, JWT Authentication
Frontend	React, JavaScript, HTML5, CSS3, Responsive Design
Databases	PostgreSQL, MongoDB
DevOps & Tools	Docker, Git, GitHub, GitHub Actions, CI/CD fundamentals
Concepts	Clean Architecture, OOP, API Integration, Layered Architecture

Professional Experience

Perto S.A. — Electronic Technician (Jul 2021 – Aug 2025)

- Resolved 200+ technical incidents in critical electronic systems.
- Reduced average repair time by ~30% through diagnostic standardization.
- Applied structured troubleshooting and root-cause analysis in multidisciplinary environments.

Junior Developer — Academic & Personal Projects (Jul 2024 – Present)

- Built REST APIs and Full Stack applications using Node.js, TypeScript, React, and MongoDB.
- Worked with Docker, GitHub Actions, authentication flows, and frontend/backend integrations.
- Developed deployable applications focused on maintainability and responsive user experience.

Featured Projects

Philomedia

Platform integrating philosophical quotes with movies and TV series using external APIs and modular frontend architecture.

Library API

REST API for library management with authentication, persistence, and structured backend architecture.

Handcrafted Haven

Full Stack web application focused on responsive UI, integrations, and deploy workflows.

Education

Bachelor's Degree — Software Development, BYU–Idaho (2024 – Present)

Technical Degree — Electronics, Fundação Bradesco (Completed 2021)
